Core Values

Fruits & Vegetables

THABICO Food Industry is proud of being the first integrated corporate, which has been bringing the value of Vietnam Fruits and Vegetables to the world by investing in the most advanced processing technologies from IQF (Individual Quick Freezing), extracting into puree, concentrate to freeze drying.

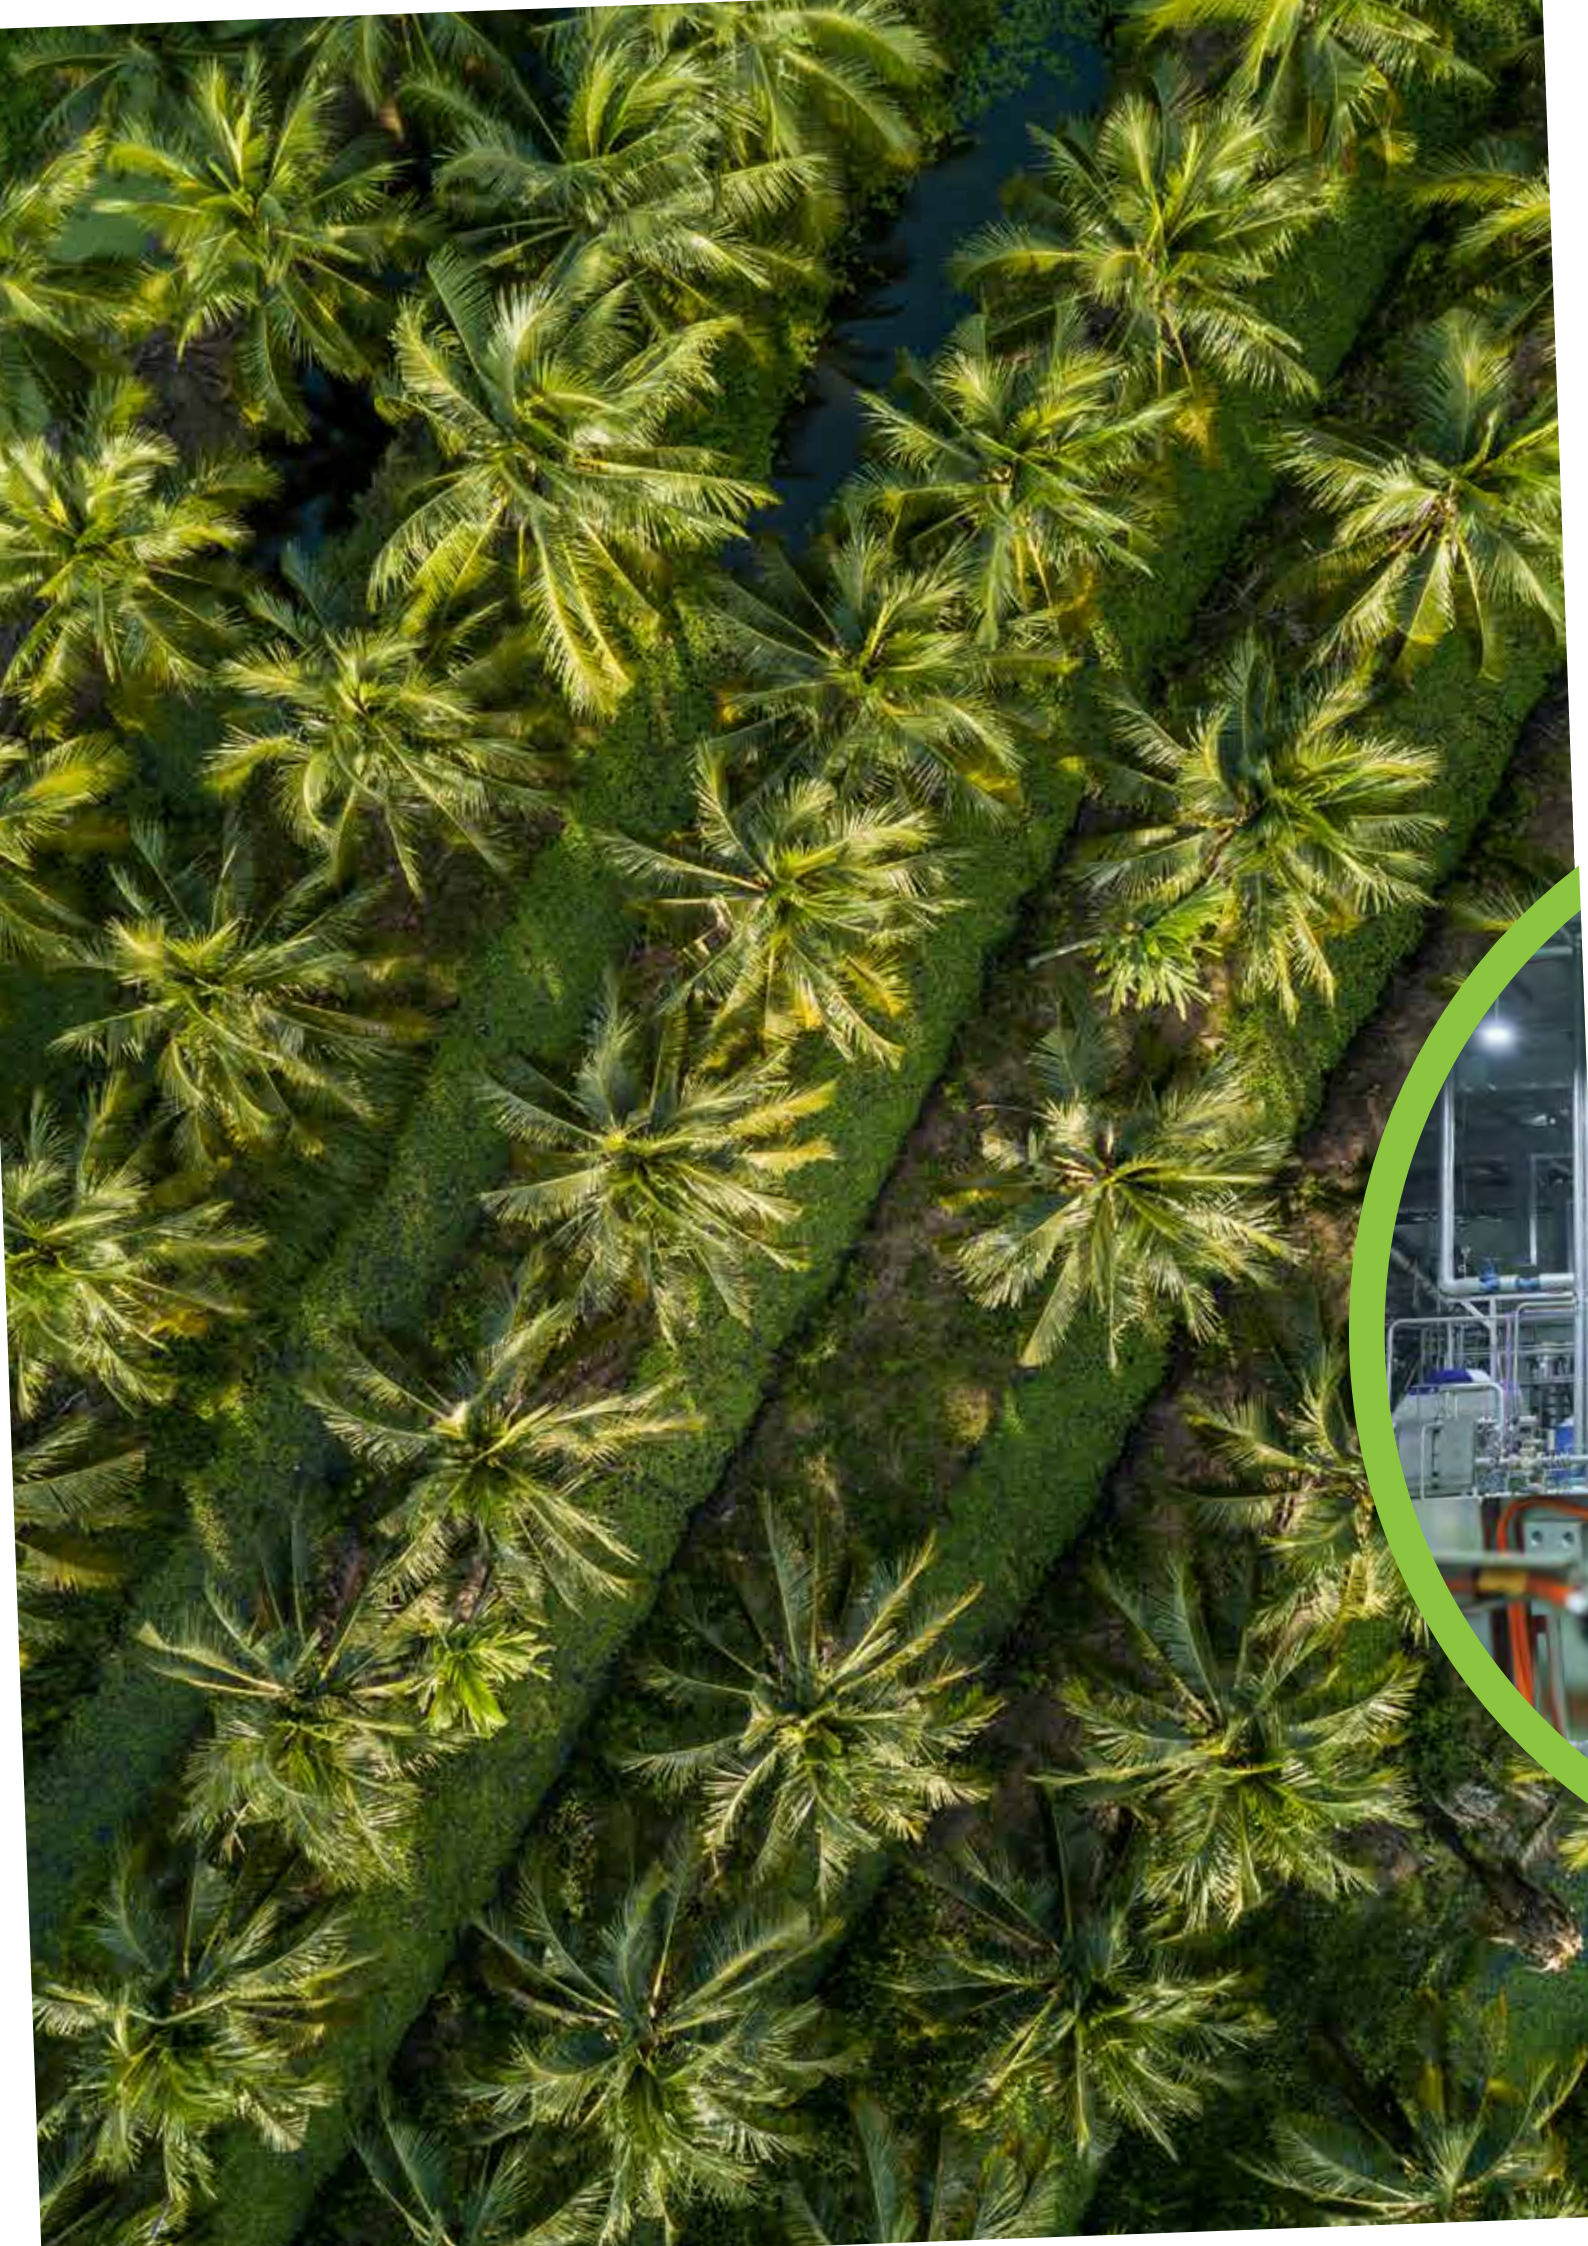

We have been working with the world-class Food Processing Equipment: from Tetrapak, AlfaLaval, Tropical Fruit Machinery, Mycom, Guntner and Weber Cooling, etc. to serve the global customers with the highest quality.

We are becoming the largest fruits and vegetables processor in Vietnam with the annual capacity of 65,000 metric tons in IQF, 25,000mts in Puree and Concentrate, and 5,000mts in Freeze Dried Products.

We signifies the importance of enhancing everyday value with the community as a whole in order to keep the Vietnam Agriculture growing sustainably.

Coconut Processing

THABICO TIEN GIANG Food Industry is located in the Mekong Delta, the most fertilized delta in the Asian region, where there are more than 100,000 hectares of coconut plantation. By using the most advanced technology, we are able to process coconuts while keeping its freshness and nutrients.

We process 300,000 coconuts on daily average into water, milk, cream and desiccated products. The total capacity as below:

- Coconut water: 35,000 mts
- Coconut milk/cream: 30,000 mts
- Desiccated coconut: 5,000 mts

We have been serving to both B2B and B2C customers with its bulk and consumer packaging.

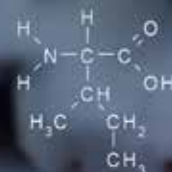

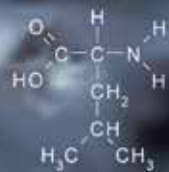

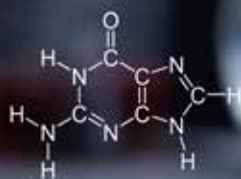

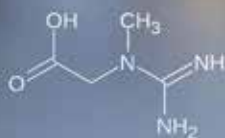

Ingredients

THANH BINH Manufacturing and Trading Company (THABICO) founded in 2000, is a leading company in Food Ingredients, Pharmaceutical Ingredients, Cosmetics & Personal Care, Industrial Chemicals, Animal Feed, Food Packaging, Agricultural Products and other sectors in Vietnam, Malaysia, Myanmar, Laos, Cambodia and other countries.

THABICO combines the power of Service, Technology, Creativity and Expertise with Human Element to passionately innovate what is essential to help you differentiate and develop. Our focal point is how to revolutionize your products.

The well-equipped warehouse is up to 20,000 square meters. It can admit a large volume of materials and maintain the standard storage conditions conforming to food safety, hygiene and environment requirements.

We have an in-house laboratory, which is sufficiently equipped and sanitary. It enables us to facilitate all lab scale tests to meet the all different requirements from the customers.

Our organization is made of a large group dynamic and experienced people. The teams consist of professional, self-driven and result-oriented individuals.

Professional Customer service team is devoted and always available to assist the customers in a timely manner.

Dynamic Logistics team coordinates skillfully with customers' requirements for on-time delivery while ensuring product quality.

Cereal

Pacific Food Technology Joint Stock Company (PFT) established in 2008 has been the pioneer in manufacturing cereal products with high nutritional value, and has become a familiar partner in Food Ingredient markets not only in Vietnam but also in the neighboring countries.

“WE DO YOUR TASTE”

“We Do Your Taste” is our tagline. We constantly listen to customers and satisfy their expectations. The customers' success is the happiness of PFT.

We strictly emphasize Quality, Hygiene and Food Safety comply with the quality management system such as ISO 9001:2008, HALAL/KOSHER and other relevant certificates.

With well-equipped system, innovative technology from Simondryers (England) and continuous research, our professional engineers have made the products with High Quality, Balanced Nutrition, Safety. The health of society is our priority.

Products of PFT comes from these core values:

- Paralleling with customers and partners
- Health and nutrition
- Continuous R&D
- Innovative technologies
- Human resources
- Regular training
- Safety and hygiene
- Environment protection
